Hi Brad and Suzanne:

Attached is a Notice of Warning issued to West Central FS of Galesburg, Illinois. This NOW is being issued in relation to an inspection conducted by IDA at West Central's Monmouth establishment on April 16, 2019 (IDA Case Number 073-65-19-11733).

I wanted to note that the inspector used an old or superseded version of the Notice of Inspection during this inspection. Federally credentialed inspectors should ensure they use the most current version of the EPA inspection forms. Electronic copies of all current forms can be found on EPA's inspector wiki.

Please let me know if you have any questions.

Thanks!
